Nature's Botanical

Previously labelled as Desert Dwellers, this has to be one of the most effective and naturally produced products around and has gained cult status amongst bushies and holidaymakers alike! And it is not only these, anyone who spends time outside appreciates it: golfers, shooters, walkers, in fact, people from every walk of life. The creme is made from Rosemary and Cedarwood essential oils in an olive oil base. The essential oils of rosemary and cedarwood are widely documented for effectiveness and safety.
